"Maya has a beautiful voice and the music she and Sage create comes from a place of fine intention. We recommend anyone on the path to give this album a listen."

Maya & Sage Spirit of Love

Spirit of Love sparks a joyous soul fest with an eclectic blend of eleven tracks that cross the boundaries of chant, world, pop, new age, and dance. Maya's soul awakening mantras and lyrics, clear prophetic vocals, groove guitar and piano are embellished with Sage's unique harmonies and multi-talents on percussion, didgeridoo, Celtic harp, Native American flute, electric guitar, harmonica, and keyboards. Special guest musicians, Silvia Nakkach, Geoffrey Gordon, Craig Owens, and Gary Regina add their inspiring talents to the mixes. These divine chants and songs of love are sometimes soft and tender, sometimes passionately rhythmic, always sprinkled with exotic sounds, and magically moved by world percussion. 64 minutes of "feel good" music for ecstatic spirit celebration. Refreshing, spirited, healing!
